BUSH KIDS ADVENTURE

Map of Australia showing areas of varying geographic remoteness

Accessibility Remoteness Index Australia 2006

ARIA+ and ARIA++ are indices of remoteness derived from measures of road distance between populated localities and service centres. These road distance measures are then used to generate a remoteness score for any location in Australia.

- You live in a rural, regional, remote or very remote location in Australia. (Dk Blue, Lt Blue or Green on the Map)
- Aged between 10-17yrs.
- You are a capable horse rider and able to ride unassisted.
- You are available to participate 2-10 December 2023 (Do not register if you can't confirm participation)
- Able to fly out from a major capital city into Melbourne, 2 December 23
- You are ready to make new friends and have an adventure of a lifetime!

Please note places in this program are limited and participants must adhere to the above criteria to be considered. Successful applicants will be notified asap due to needing to book flights etc.
